

# LIUBOV KURILOVA

NATIVE RUSSIAN TECH ACCOUNT MANAGER

## **Subject: Tech Account Manager (Russian Speaking) Application**

Hi Adjust Team,

I'm Liubov Kurilova, a native Russian speaker, keen to be your Technical Account Manager.

I have two years of technical support experience in Berlin where I provided technical support for advertisers of a major global social media company.

Though I may not fit every requirement, I hope that my experience with Jira, SaaS, and commitment to client service makes me an asset.

I thrive on solving client issues and am eager to enhance your customer experience.

If a bilingual, go-getter who's ready to make an impact is what you're after, let's chat!

Regards,  
Liubov Kurlova,
