FUELING SATISFACTION WITH SUPERIOR SUPPORT

Dear Hiring Manager,

I am currently a Client Services Specialist at Concentrix and I'm excited to apply for the "Mitarbeiter Technischer Support (m/w/d) Social Media" role. I have a strong background in customer service, consistently surpassing targets, and resolving complex issues.

My experience in customer support at BKC-International House and Mexx, BNS Group honed my client interaction skills. As a digital artist, I cultivated a 7,000+ Instagram following, demonstrating my social media expertise. In my administrative roles at AO News Media and Coleman Services, I developed strong organizational skills and adaptability.

I look forward to bringing my customer service skills, social media savvy, and adaptability to the technical support role. I appreciate your consideration and am eager to discuss my qualifications further.

Regards,
Liubov Kurlova,
