

Dear Hiring Manager,

I am writing to apply for the Senior Full Stack Developer position. With more than a decade of experience specializing in PHP and JavaScript, and pioneering work in creating the first WordPress theme generators, my skills align closely with the needs of this role.

In my career, I have built robust WordPress infrastructure, developed 41 open-source WordPress plugins, and contributed to major projects at Elementor, Strattic, and other companies. Proficiency in ES6+ coupled with my relentless pursuit of knowledge and innovation positions me well for this role.

I am excited about the opportunity to discuss how my experience can add value to your team.

Should you need references, Rebecca Markowitz, my current supervisor at Elementor; Miriam Schwab, former CEO of Strattic; Uri Zaltzman and Uri Alexandrovitz, are all suitable and are all currently working for Elementor.

Best regards,
Ryan Hellyer
